TMACOG and partners in Ohio and Michigan have prepared a TMACOG Tech program focusing on a comprehensive economic development strategy for northwest Ohio and southeast Michigan. The program will look at opportunities presented by the new Gordie Howe International Bridge and improvements to I-75 in both states. A site consultant will explain how communities can become engaged in business site selection. The agenda will include time for conversation and networking.

Register online here by October 9. The fee is \$25.00 and includes a continental breakfast and lunch. No refunds will be made after October 9. Register early, seating is
